Professional Summary

- Well versed with **Software Testing Life cycle & Test management concepts** learnt and applied while Working on **projects** for globally known **Telecom Service Providers.**
- **Domain expertise in Telecom OSS**, and Experience of **Network Inventory (ARM), Data integrity systems** (discovery engine, sync engine), Amdocs Network Navigator, Resource planner and Activation manager, **service assurance and fulfillment**.
- Involved in **Requirement analysis gathering and scoping sessions with customers as well as architects**.
- Skilled in comprehending the contents of documentations like **Software Requirement Specification, Test Plan, Test Case Document, Requirement Traceability Matrix, and defect reporting.**
- Technical expertise in **PL/SQL Scripting**, **API Testing using Soap UI/Postman & Data Migration Testing.**
- Automation using **Selenium** for personal projects.
- Having **Strong analytical skills and sharp learning curve** that help me to **blend with any product** and analyse difficult situation and **get fast and effective solutions**.
- Proven **communication & team building skills** having led multicultural teams globally to deliver high quality-time bound projects.
- Good experience in test management tools like **HP ALM, JIRA.**
- Experience of working in **agile** team. Good at **planning and estimations** for testing tasks, designing process guidelines for SW testing team, providing training and mentoring peers.
- Active involvement in **hiring process**.
- Knowledge on **Machine Learning, Deep Learning, Natural Language Processing, Big Data and Stream Processing Systems**
- Extensive **Onsite experience** with short travels to **USA, Canada, UK, Israel, Ecuador, and Philippines** at client Locations.

Skills

- PL/SQL • Requirements Analysis
- Agile Methodologies • Selenium
- Test Management • Python
- API Testing • Manual Testing
- Data Migration Testing • Jira
- HP ALM • AI/ML • Cassandra • Rally
- Pandas

Education

BITS Pilani
Master of Technology - MTech, Data Science
2019 - 2021

Savitribai Phule Pune University
Dr D.Y. Patil College of Engineering, Akurdi, Pune
BE, Information Technology
2005 - 2009

Achievements

- Appreciated by **Comcast Site Manager & Customer Delivery Management (Amdocs)** for **exceptional contribution in testing**.
- **Star Performer** from Testing Team for work in Tata Communications Ltd- Cramer project **by Customer Business Executive (Amdocs)**
- **"Pat on the Back" award** for exceptional **contribution in several projects.**
- **Star Performer in VFUK.**

Work Experience

Software Test Specialist (Advanced)
Amdocs (Apr 2016 – Present)

Software Test Engineer
Amdocs (Nov 2009 – Apr 2016)

- Extensively Worked on ARM Testing for Business lines like Service Provisioning & Data Inventory management for Different Telecom technologies.
- Involved in the client meetings to **understand the client requirements**.
- Involved in **testing various ARM Modules like RM wizards, Workorder Validations, Order Management System (Circuit Provisioning & Activation), Task Engine, Delivery Engine, Interfaces** & its integration with other systems
- Giving **Demos** of implemented functionalities to customer.
- **Data Migration & API Testing.**
- Worked in co-coordinating **Testing cycle, Defect Management, CR Released for testing &, hot fix management** with clients.
- **Led Defect triaging team during the User acceptance Testing**.
- **Collaborated with teams** involved in product delivery from Development, Build Engineering & Solution Architects to provide complete solution to Customer
- **Involved in deployment & managing Hot Fixes** on System Test environments for several projects from Testing Team.
- Providing KT sessions to new Joiners.
- **Providing suggestions and enhancements in the Testing approach** that may help in getting effective results.
- **Solely led projects like Rogers LTE, Comcast, and Vodafone UK.**
- Extensive knowledge of Cramer Resource Manager Data model with hands on knowledge of **SQLs** in finding issues and during Test Data preparation.
- Developed Sync Engine Notification Utility in **Python** using Oracles Continuous Query notification.

Projects

- **PLDT (May 2018- Present)**
- **Altice (Aug 2017- Apr 2018)**
- **Vodafone UK MVA (Aug 2015- June 2017)**
- **The Corporación Nacional de Telecomunicaciones (Nov 2014-Aug 2015)**
- **Century Link (Sep 2014-Nov 2015)**
- **Comcast Cramer Metro Ethernet Project (Oct 2012-Aug 2014)**
- **Tata Communication Limited – NIMS Replacement V1.2 Release-USA (Apr 2010- Oct 2011, Apr 2012-Aug 2012)**
- **Rogers LTE-Canada (Oct 2011-Apr 2012)**
- **Telstra Cramer OSS –Transformation 2.3 Release - (Nov 2009-Apr 2010, Aug 2012-Oct 2012)**

Certifications

- ISTQB – Foundation Level

Academic Projects

- Network Analytics for Service Assurance and Optimization
https://github.com/dreamdcoder/NASAO

Volunteer Experience
- Organizer for Organizational level.
- Part of winning team for consecutive years at Organizational level innovation-fare.

Hobbies/Interests
• Solving Puzzles • Travelling
• Trekking • Watching Documentaries.
• Playing Cricket, Football • Reading
• Cooking
